*Zoom Online Meeting ~ Presented by Trix Bruce (Deaf)*

## **Educational Interpreting: How can I improve my scores?**

Boost your interpreting skills and prepare for your performance exams! Increase your EIPA score. Find out exactly what "qualified" means, according to regional certifications. This presentation will provide information about the EIPA certification process, and build your knowledge of ASL linguistics. There will be several hands-on practice experiences with ASL Markers, Personification, Classifiers, and Educational Terminology. Increase your confidence!

### **Educational Objectives:**

- Understand the list of educational terminology words
- Define educational terminology applicable to educational interpreting requirements
- Demonstrate use of ASL markers, personification, and classifiers
- Analyze and demonstrate techniques necessary to interpreting skills

**RID CEUs:** Trix Bruce is an Approved RID CMP Sponsor for Continuing Education Activities. This Professional Studies program is offered for all workshops 0.6 for this webinar at the Little/No to Some Content Knowledge Level.

**TARGET AUDIENCE:** Educational Interpreters, working, certified, and pre-certified interpreters anywhere in the US.

**NOTES:** E-Handouts will be provided. The workshop will be presented in ASL. No voice interpretation will be provided. For details on refunds, cancellations, and special accommodations policies, please send an email to [info@trixbruce.com](mailto:info@trixbruce.com). Trix Bruce promotes a learning environment free from discrimination and bias, and encourages mutual respect for all participants.

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven't seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.

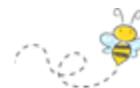

**RSVP! Registration Fee: \$85**
