## **Signs of the Times: Update Your ASL Vocabulary (Evolving from Old to New Signs)**

Through the years, while mentoring interpreters, Trix Bruce noticed that many continued using outdated signs. Trix has put together a fascinating workshop offering updated signs. Take advantage of this opportunity to become more aware of signs of the times!

### **Educational Objectives:**

Participants will be able to demonstrate recognition of ASL Dialects related to evolving from old to new sign variations by:

- identifying variation in American Sign Language (ASL) which may reflect differing backgrounds, locations, and situations
- recognizing and demonstrating or describing major differences between regional dialects
- discussing current language change in terms of convergence and divergence of the major regional dialects
- demonstrating new signs that they have learned during the workshop
- discussing the historical and continuing evolution of signs

**RID CEUs:** Trix Bruce is an Approved RID CMP Sponsor for Continuing Education Activities. This Professional Studies program is offered for all workshops 0.4 for this webinar at the Little/No to Some Content Knowledge Level.

**TARGET AUDIENCE:** Target audience: Working, certified, and pre-certified interpreters anywhere in the US.

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven't seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.

**RSVP! Registration Fee: \$65**
