#### **Educational Objectives:**

After the workshop, the learner should be able to

- Demonstrate distinct ASL storytelling techniques with places, objects, and persons
- Develop an ASL story representing a plotline with personified objects

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven’t seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.

**RSVP! Registration Fee: \$35**

***Working over 20 years with on-site presentations, moving to online webinars has been a challenge. However, as a Deaf entrepreneur, my passion to encourage ASL interpreters to expand their knowledge and skills continues!***
